

TIDEWATER'S DIRECTOR OF ENGINEERING SELECTED TO PARTICIPATE IN 2017 LEADERSHIP DELAWARE CLASS

DOVER, DE, (December 6, 2016) – Tidewater Utilities, Inc. (Tidewater) is proud to announce that Jeremy Kalmbacher, Director of Engineering, has been selected for the 2017 leadership class, a “high octane”, year-long program, which challenges participants to rise to ever higher levels of leadership and accomplishment in each of the following three areas: their career field and profession, the nonprofit sector, and government and politics. Jeremy will join 27 other young leaders for Leadership Delaware’s ninth class of Fellows.

In his 17 year career at Tidewater Utilities, Inc., Jeremy’s work has focused on long term capital planning and sustainability of public water supply infrastructure supporting land development and population growth south of the Chesapeake & Delaware Canal. He has been responsible for planning, engineering, and construction of over \$150 million of water and wastewater utility infrastructure.

Tidewater, a subsidiary of Middlesex Water Company, provides a wide range of water and wastewater services including consulting, contract operations and maintenance, and bulk water supply. For more information about Tidewater, visit www.tuiwater.com
